WITH A NAME INSPIRED BY THE TEXTILE MATERIALS
THAT PASSED THROUGH THE DOCKS BETWEEN 1805 AND 1968,
MERINO WHARF HAS BEEN DESIGNED BY AWARD-WINNING
ARCHITECTS PATEL TAYLOR

The façade of the lower floors echoes the spirit of times past, incorporating the steel and stone that arrived at the docks in times gone by and reflecting the character of the old dockside clusters and warehouses. As the building soars higher above Pennington Street, the upper floors take on a more modern quality, with a framework quite unlike anything else at London Dock.

A VIBRANT New Place

A NEW DESTINATION IS EMERGING AT LONDON DOCK
AND MERINO WHARF IS AT THE CENTRE OF IT

Sitting beside the thriving Gauging Square, and forming the start of Quayside, the vibrant new pedestrianised boulevard running alongside the revitalised Grade II listed Pennington Street Warehouse, Merino Wharf will be at the centre of this exciting new neighbourhood in London.

BUILDING A Community

THE TERM 'LANDSCAPE' COMES FROM
TWO WORDS MEANING 'TO SHAPE A PLACE
WHERE PEOPLE BELONG'

That idea inspires our approach. The space
between buildings is where you create a
community and somewhere that is sociable,
sustainable and safe.

London Dock has 7.5 acres of beautifully landscaped open spaces,
including a new pedestrianised boulevard and the vibrant Gauging
Square at its heart. These spaces create a haven from the hustle and
bustle and provide a place for the community to come together.

"We believe the spaces between the buildings are as important as the buildings themselves"

London Dock holds a number of events each year, including the Marathon Market and the Fair in the Square. These events are designed to inspire a sense of community, bringing together local residents.

London Dock

Time has seen Wapping take on different roles but always with the same enduring spirit. It has constantly evolved and London Dock represents another proud chapter in its long and illustrious history.

THE Docks

Number One Warehouse, London Docks

London Docks: 1953

WAPPING WAS A GATEWAY TO LONDON, A COMMERCIAL CENTRE AND A MIX OF CULTURAL INFLUENCES

The London docks officially opened on 30 January 1805. When completed, the entire site encompassed 90 acres, including 35 acres of water, 50 acres of warehouse space, 2.5 miles of quays and jetties and 7 acres of wine vaults. It has been estimated they were able to accommodate up to as many as 500 ships and store over 200,000 tonnes of goods and dealt with a vast array of goods, from brandy, wine and rice to fruit, spices, coffee and cocoa.

TRADING WORDS

Designed by renowned artist Gordon Young.
Trading Words is a permanent art installation
adorning the walkways at London Dock.

This typographical homage takes inspiration from the rates and tariff books used by The London Dock Company to record all the goods exported and imported via London.

CREATED BY ST GEORGE

Our Difference

OUR VISION IS TO DEVELOP SITES THAT HAVE BEEN CLOSED TO THE PUBLIC FOR DECADES AND RECONNECT THEM TO THE COMMUNITY.

We want the places built by St George to be renowned for the quality of their landscape and the open space. The term 'landscape' comes from two words meaning 'to shape a place where people belong'. That idea inspires our approach. The space between buildings is where you create a community and somewhere that is sociable, sustainable and safe.

We believe beautiful landscaped open spaces give room to breathe and sit in harmony with our vision for the carefully considered architecture and thoughtfully designed interiors throughout our developments.

To pioneer a landscape-led approach to urban developments is hugely important to us. We truly believe these spaces between the buildings are as important as the buildings themselves, where one's wellbeing within that space can be emphasised through positive design.

ST GEORGE AIMS TO BUILD YOUR HOME TO A VERY HIGH STANDARD OF DESIGN AND QUALITY AND HAS OVER 40 YEARS OF EXPERIENCE OF DELIVERING.

When you buy a new home from us it comes with a 10-year LABC warranty – the first two years of which are covered by St George. However, over and above this, we will take a reasonable approach to resolving issues, even if they fall outside of the warranty criteria or time periods. In other words, we will stand by our product and work with you to find an appropriate, fair and reasonable resolution to any issues that may arise in the future. All our customers are provided with a commitment that when they buy a new home from St George, they can be safe in the knowledge that it is built to very high standards of design and quality, has low environmental impact and they will enjoy an exceptional customer experience.

AT ST GEORGE, WE DESIGN FOR LIFE

Transforming unique parts of the Capital is our speciality. We sustainably regenerate previously neglected areas into high-quality and mixed-use housing, creating new spaces where people are both happy and proud to live.

London is a city in global demand and uncovering space to create suitable housing to meet that demand is harder than ever. We achieve the seemingly impossible by searching out overlooked and under-appreciated areas that can be transformed into beautiful housing that meets the needs of aspirant city-dwellers.

We believe people, partnerships, and a shared vision, are key to successfully delivering thoughtfully designed homes and to create thriving communities.

We have been designing and building such spaces for decades. We are driven to create a lasting legacy for the Capital, and its people, through collaboration and partnerships.

CUSTOMERS

Choosing your home is one of the most exciting and important decisions you can make, and it's a challenge. From location to amenities, connections to education, there are so many factors to weigh up.

At St George, we understand what you're looking for in a new home and we are dedicated to designing and building exceptional places that meet your needs.

We design for everyone, from families to first-time buyers, students to retirement communities, always considering the ever-changing need for space innovation and integrated technology.

The service we provide goes beyond the contract, committing to the developments we create and our long-term involvement with those that live there. To us, places are about people.

CUSTOMER Relations

WE WANT TO ENSURE YOU ARE HAPPY WITH EVERY ASPECT OF YOUR NEW HOME, SO WE LOOK AFTER OUR CUSTOMERS AT EVERY STAGE WITH EXPERT ADVICE, ATTENTION TO DETAIL AND CONTINUOUS COMMUNICATION. FROM EXCHANGE OF CONTRACTS, YOUR DEDICATED ST GEORGE CUSTOMER SERVICE REPRESENTATIVE WILL HELP WITH ANY QUESTIONS YOU MAY HAVE.

HERE IS WHAT YOU CAN EXPECT:

- From the day you reserve – until the day you complete – we'll update you regularly on progress
- You will be given your own log-in credentials at reservation to access your personal MyHome Plus online account where you will be able to view the development, property, construction progress and buying process information
- Sustainability is high on any responsible builder's agenda. We promise to fully communicate the environmental features of our developments to all of our customers
- Our Customer Relations Manager will present a selection of designer-conceived colour palettes to help you find the interior finish that most suits your style
- We personally hand over your key on completion day and make sure everything is to your satisfaction
- Upon handover, we'll meet you on site to demonstrate all the functions and facilities of your new apartment
- The 2-year warranty with 24-hour emergency service has a dedicated customer service telephone number and from the 3rd to the 10th year you'll have the added security protection of a 10-year building warranty
- Finally we'll contact you after 7 days, at 4 weeks and 7 months after you move in, to make sure everything continues... perfectly

DESIGNED For Life

OUR CUSTOMERS ARE AT THE HEART OF ALL OUR DECISIONS. WE AIM TO UNDERSTAND THEIR NEEDS AND CONSISTENTLY MEET OR EXCEED THEIR EXPECTATIONS. THE SERVICE WE PROVIDE IS PROFESSIONAL, EFFICIENT AND HELPFUL TO MAKE THE HOME BUYING PROCESS AS STRAIGHTFORWARD AND ENJOYABLE AS POSSIBLE. OUR LEVELS OF CUSTOMER SERVICE AIM TO BE COMPARABLE TO OTHER TOP BRANDS.

CUSTOMER SERVICE IS OUR PRIORITY

All our customers are provided with a commitment that when they buy a new home from St George they can be safe in the knowledge that it is built to very high standards of design and quality, has low environmental impact and that they will enjoy an exceptional customer experience. Each customer receives tailored information relating to their purchase and has a dedicated point of contact throughout the customer journey.

GREEN LIVING AND SUSTAINABLE DEVELOPMENT IS TOP OF OUR AGENDA

As a company, we are committed to reducing energy, water and waste on our construction sites, in our offices and in the homes that we build. Almost all of our developments are built on brownfield land and we always take care to protect and enhance biodiversity and natural habitats. Our homes include features to encourage sustainable living such as dual-flush WCs, recycling bins and energy efficient white goods.

QUALITY IS AT THE HEART OF EVERYTHING WE DO

At St George, quality takes precedence, from choosing the right location and style of home, to the construction processes we practice, the materials we use and the specifications we put into our homes. For extra peace of mind, in addition to the 10-year warranty all new homes receive, St George operates a 2-year policy with dedicated Customer Service teams on hand 24 hours a day to deal with enquiries quickly and effectively.

UNPARALLELED CHOICE OF HOMES IN THE MOST SOUGHT AFTER LOCATIONS

As one of the UK's leading house builders, we are able to offer our customers an unrivalled choice of property location, size and type. From city penthouses to country retreats, modern studio apartments to traditional family homes, you will find the perfect home to match your requirements. Our homes are also built in some of Britain's most desirable locations from market towns and rural villages to major towns and cities, and countryside to the coast – we build in the locations you want to live.

A COMMITMENT TO CREATING SUSTAINABLE COMMUNITIES

St George's homes and developments are not just built for today. They are designed to enhance the neighbourhoods in which they are located permanently. We achieve this through our commitment to excellence in design, sensitive landscaping, sympathetic restoration, and impeccable standards of sustainability. We aim to address the needs not only of our customers but their neighbours and the broader community of which they are a part. It is a long-term view: we want to create exceptional places for people to live, work and relax in, and build communities that will thrive today and for years to come.

A COMMITMENT TO The Future

OVER THE YEARS, THE BERKELEY GROUP HAS WON MANY PRESTIGIOUS AWARDS FOR THE QUALITY, DESIGN AND SUSTAINABILITY OF ITS DEVELOPMENTS.

Our Vision is Berkeley's strategic plan for the business, designed to raise standards higher still. Our goal is to be a world-class business, defined by the quality of the places we create, generating long-term value and having a positive impact on society. We take our responsibilities towards our customers, the environment, our workforce and the communities in which we work very seriously. Our plan for the business has five areas of strategic focus: Customers, Homes, Places, Operations and Our People.

OUR VISION

To be a world-class business, defined by the quality of the places we create, generating long-term value and having a positive impact on society.

FIVE FOCUS AREAS

AN EXCEPTIONAL CUSTOMER EXPERIENCE

We put customers at the heart of our decisions. Dedicated sales teams will provide exceptional service throughout the buying process, and teams will manage the customer relationship from exchange of contracts through to completion, delivery of the new home and after occupancy.

HIGH QUALITY HOMES

We aim to build high quality, well-designed homes with low environmental impact, where customers have the opportunity to achieve healthy, comfortable and sustainable lifestyles, now and in the future. Attention to detail in design is paramount to ensure our homes meet the needs of our customers.

GREAT PLACES

We seek to create strong communities where people choose to live, work and spend their time and which directly encourage people's wellbeing and quality of life. These are places characterised by the quality of their design, external spaces, transport and access to jobs and amenities.

EFFICIENT AND CONSIDERATE OPERATIONS

We reduce the impact of the construction process on the local community by registering all of our sites with the Considerate Constructors Scheme. We set targets to reduce water, energy and waste. We work with our supply chain to ensure high quality services and materials are consistently provided.

A COMMITMENT TO PEOPLE AND SAFETY

The safety, health, wellbeing and development of our people is a high priority. We aim to have a positive impact on society through our support of the Berkeley Foundation.

THE BERKELEY Foundation

WE SET UP THE BERKELEY FOUNDATION IN 2011. IT SUPPORTS VOLUNTARY SECTOR ORGANISATIONS TO IMPROVE PEOPLE'S LIVES IN THE COMMUNITIES WHERE WE WORK, AND LAST YEAR WORKED WITH 49 DIFFERENT ORGANISATIONS AND THEIR BENEFICIARIES.

Our staff have been instrumental in making the Foundation grow, with over 60% getting involved last year and raising over £935k. They also give their time and skills, for example by mentoring young people to help them become more confident and job ready. Since its launch, the Foundation has committed over £14.9 million to more than 100 charities and worthy causes. Berkeley Group covers all overhead costs, so all money raised goes directly to charitable causes.

www.berkeleyfoundation.org.uk
www.berkeleygroup.co.uk

Over the 2016 summer holidays and October half-term, 78 young people from inner city London were able to visit Longridge Activity Centre through funding from the Berkeley Foundation.
